Round Bale Feed Out Forks

The ultimate bale handler for transporting, feeding and unrolling bales.

Fixed Feed Out Fork (Code 0284)

- Fixed tines accommodate 4' bales
- Bales can be carried on fork for transport
- Tines straddle the bale and lock in pins are inserted into the centre of the bale to allow it to roll
- Cat 1 linkage with Cat 2 bushes
- Lift capacity of 1000kg

Adjustable Feed Out Fork (Code 0287)

- Adjustable model feeds out bales with widths ranging from 4' to 6'. Easily adjusted with a single pin.
- Bales can be carried on fork for transport
- Tines straddle the bale and lock in pins are inserted into the centre of the bale to allow it to roll
- Cat 1 linkage with Cat 2 bushes
- Lift capacity of 1000kg

Adjustable tines can be faced inwards (as shown above) to lift pallets and bins
